### Read the postcard about Dean's holiday. Where is he?

Hi Adrian,

How are you? I'm in Phoecea with my family. Phoecea is a seaside city with lots of beaches. We are here on holiday but the weather is terrible. There isn't much to do here when the weather's bad. There aren't any museums or cinemas but there is an ancient castle.

There isn't a library or a shopping centre. There are some shops in the town square. There are some supermarkets, two banks, some Turkish restaurants (They have got delicious sea foods and kebabs) and a post office. Our hotel is next to the post office. Behind the hotel, there's a big park, with a pond and lots of pine trees. There are a lot of geese and Rudy Shelducks on the lake! Luckily, there is a sports saloon with a giant swimming pool. It is great!

In front of the sports centre there's a cat Café. This cafe has lots of cats. Cat lovers go there to drink coffee or tea and enjoy patting the cats. We sometimes have lunch there. But, I prefer eating at the fish restaurant.

How is your holiday, Adrian?  
Tell me about yourself.  
See you next week.  
Love from Dean
